Over 5 years of experience as a Software Developer. Led the FrontEnd development at Maarlab, achieving a 300% improvement in production deployment times, reducing the web bundle size by six times, and improving user loading times.

PROFESSIONAL EXPERIENCE

Maarlab

Senior FrontEnd

Tenerife, Spain

November 2023–Present

- Provided modern solutions to various scalability issues, updating technologies and/or replacing them with simpler, more recent options.
- Implemented CI/CD practices to enhance software delivery efficiency, reducing errors and delivery times.
- Developed multiple solutions to improve the web team's development experience by reducing unnecessary commits (formatting, linting, etc.), minimizing the bugs that could reach production, and accelerating project setups.
- Applied design patterns such as repository, factory, etc., delivering more scalable and testable code while adhering to SOLID principles.

Impacting Digital

FullStack Developer

Tenerife-BCN, Spain

November 2021–June 2023

- Created templates, plugins, and reusable functionalities for WordPress, increasing content creation productivity by 65%.
- Containerized different environments and automated remote deployments, eliminating all necessary human actions and saving several hours of work.

Freelance Development

FullStack Developer

Tenerife-BCN, Spain

July 2019–November 2024

- Successfully created the MVPs required by my clients in no time.
- Developed complex FrontEnd designs, creating accessible and lightweight interfaces, reaching nearly 100% performance according to official Google metrics.

EDUCATION

STUCOM STUDIES CENTER of CATALUNYA

Multiplatform Application Development

Honors: Ranked as the second-best student in my class in all programming-related subjects.

Barcelona, Spain

September 2028

ADDITIONAL SKILLS

- Native Spanish speaker. Fluent in English.
